

## SINGLE TUNE PRICES

SPEND MORE TIME SKIING

### SIGNATURE TUNE

THE BEST TUNE MONEY CAN BUY

No matter what your ability is, you'll feel like the the fastest skier on the hill with a custom vario structure specific for our current snow conditions. Base imperfections will be filled, edges sharpened to perfection and we'll top it off with our exclusive *infrared* wax process.

\$80

### FULL TUNE

YOUR SKIS WILL COME BACK LOOKING LIKE NEW

Our most popular tune with many of the same finishes as our Signature Tune minus the vario structure and infrared wax. You will still receive a perfect *Crystal Glide* finish to the bases of your skis, finely polished edges, and a fresh coat of wax

\$60

### EDGE AND WAX

A TOUCH UP

If your bases still look good, we'll sharpen and polish your edges, and put a fresh coat of wax on for our current conditions.

\$35

### INFRARED WAX

THIS RECENT TECHNOLOGY WILL BLOW YOUR MIND

The Infrared process ensures more wax actually gets into the base of your skis (or board) which means you will glide down the hill faster and make turns easier.

\$15

### WAX

STOP GETTING CAUGHT ON THE CATWALKS

Don't lose your hard-won advantage with sticky skis, our fresh coat of wax is the cure for that.

\$10

### MOUNT AND PREP

GET A PROFESSIONAL SET UP

We are certified to mount almost every brand of binding. We will wax and de-tune new skis as well.

\$38

### BINDING TEST - PREVENT DISASTER

Binding manufacturers recommend having your bindings tested once a season or every twenty days of skiing. When was the last time you had yours tested?

\$25
